		BOOKS WANTED TO PURCHASE	236

47, Ludgate Hill: June 16, 1853.

THE new books for the current fortnight include Mrs. Trollope's *Young Heiress*; Miss Bunbury's *Life in Sweden*, with excursions in Norway and Denmark; Mr. Thackeray's *Lectures on the Humourists of England*; the first volume of De Quincey's *Selected Writings*, under the title of "*Grave and Gay*," the *Thistle and the Cedar of Lebanon*, a volume of travels and opinions of Habeeb Risk Allah Effendi; Commander E. A. Inglefield's *Summer Search for Franklin*; Cayley's *Las Alforgas*, or the *Bridle Roads of Spain*; a collected edition, in three volumes, of Dr. Wiseman's *Essays and Contributions to the Dublin Review*, and the new edition of Lord Jeffrey's *Contributions to the Edinburgh*, with a portrait of the author; a volume of *Theological Essays*, by Prof. Maurice; De Saucy's *Narrative of a Journey round the Dead Sea and in the Bible Lands during 1851*; Miss Costello's *Memoirs of Mary, Duchess of Burgundy*, and her *Contemporaries*; Dr. Vaughan's "*John de Wycliffe, a Monograph*," &c. &c.

Mr. Ruskin's new volume on *Venice* is not yet ready, as stated in our last: it will appear shortly, under the title of "*The Sea Stories*," with twenty plates and numerous wood engravings from drawings by the author. A new edition is now ready of Mr. Sidney's excellent work on *Australia*, treating of the *Pasture, Copper Mines, and Gold Fields, of the Three Colonies—New South Wales, Victoria, and South Australia*. The same publishers have recently issued a very useful shilling *Domestic Medical Guide*, by Mr. James Hogg, compiled "for the nursery, the college, and the bush, at the request of Mrs. Chisholm Anstey." Captain Mayne Reid's *Rifle Rangers* will form the next volume of the *Parlour Library*.

A large edition of Sir E. Bulwer Lytton's last work, "*My Novel*," has been sold within little better than three months, in 4 vols. post 8vo. although previously extensively read in "*Blackwood*;" and a new edition is just ready, in 2 volumes, at half the original price. A new number of the *Traveller's Library* is published this day, comprising Mr. Barrow's *Continental Guide*; being a *Tour, by Rail and Road, through Northern Germany, Austria, Tyrol, &c.* A series of papers, contributed to *Household Words*, under the title of "*Cranford*," by the author of *Mary Barton*, is just ready or publication in a separate form.

Messrs. Ingram and Co. publish a cheap edition of the late Mr. Stephens' *Travels in Turkey, Greece, &c.* The previous two great popular works of this author on *Central America and Yucatan* are out of copyright; and the original highly illustrated editions are imported by Low and Co. by permission of the publisher. Some purchasers of Mr. Layard's first book may be glad to know that a uniform edition, in 2 vols. 8vo. is now ready of his second work, printed on finer paper.

"*Uncle Tom's Cabin*" has long been reprobated by the Roman Catholic Journals, and it is now asserted that its perusal is prohibited by the priests under orders from Rome, its influence, especially on the Continent, in directing attention to the Scriptures having been extensively felt; and thus a mental slavery experiences its powerful efforts scarcely contemplated by the author.—"*Table Moving and Spirit Rapping*" form the leading words in sundry advertisements of newspapers and pamphlets, essays and explanations: the latter subject is revived in a pamphlet by the Rev. Charles Beecher.—

"Solomon Northup," published in London this week, in advance of its appearance in New York, is a genuine slave narrative, and its mere announcement on the other side of the Atlantic has led to orders for above 10,000 copies.

Mr. J. R. Smith, the Archæological publisher, has issued another valuable contribution to the Historical Treasury in "Britannic Researches, or New Facts and Rectifications of Ancient British History," edited by the Rev. Beale Poste.—Lady Travelling around the World has found another heroine, or at least another record, announced by Messrs. Hope and Co. "as the most extraordinary work of the season," being the adventures of a Lady in Tartary, Thibet, China, and Kashmir, through portions of Territory never before visited by European.

Mr. J. W. Bosanquet has in the press "The Fall of Nineveh and the Reign of Sennacherib chronologically considered" with a view to the readjustment of sacred and profane chronology.—Messrs. Parker and Son's "New Annotated Edition of the Poets" will be under the editorship of Mr. Robert Bell, Author of the History of Russia and Lives of the Poets; the series will appear monthly, in fep. 8vo. volumes.—The Photographic Art is almost daily developing its practical purposes to general book illustration, through the zeal and enterprise of its students; a M. Carleman, a Swede, has just discovered an application of it which will enable him to take nearly 400 copies per day, representing the various objects in their natural colours.—Mr. Murray's list of "Handbooks" is complete for the season, comprehending new and cheaper editions.—An entire new edition of Galignani's "Paris Guide" is also announced as just ready.

The Appleton's, of New York, are publishing a Shilling Edition of Russell's "Life and Correspondence of Moore," to be completed for 12s. contemporaneously with the English Edition to be completed for about half as many pounds!—Mr. Redfield announces, amongst his judiciously selected books for reprint, "Moore's Life of Sheridan," to be followed by the author's Prose works.—American translations from the French have been taking the lead; we have the first editions in English, imported from New York, of the "Countess D'Arbouville's Tales," and of the celebrated work of Bungeuer, "The Preacher and the King." A Prospectus of Messrs. Vizetelly and Co.'s promises however a systematic translation, and early publication in England, of all the new French books, the list already announced comprehending forthcoming works of nearly every French author of eminence.

Messrs. Putnam and Co. announce "Notabilities in France and England," a new work by Philarete Chasles.—A memorial, otherwise termed "a call," is in course of signature in New York, for the assembling of a "Librarians' Convention," the prospectus being very favourably received, and the signatures obtained comprehend those of all the principal Librarians and Secretaries of Literary Institutions. The preamble affords a view of the objects contemplated, "The undersigned, believing that the knowledge of books, and the foundation and management of collections of them for public use may be promoted by consolidation and concert among Librarians and others interested in bibliography, respectfully invite such persons to meet in Convention at New York on the 15th of September for the purpose of conferring together upon the means of advancing the prosperity and usefulness of public libraries, and for the suggestion and discussion of topics of importance to book-collectors and readers."

The Post-Master General is advertising for tenders from bankers and other persons willing to undertake the agencies connected with the proposed extension of our present money-order system to the Colonies.

Messrs. Knight and Son have purchased the copyright of "Barnes' Notes on Daniel." It will form a companion work to his Notes on the Revelation. The volumes will probably be ready for delivery next month, the publication having been delayed in consequence of Mr. Barnes's health, which has compelled him to desist for a time from all pastoral and literary labour.

 tholomew's Hospital.

The HISTORY of SCOTLAND,
 From the **REVOLUTION to the EXTINCTION** of the last
JACOBITE INSURRECTION (1639-1748).

By JOHN HILL BURTON.
 "Mr. Burton treats of the union of the two countries in very luminous
 detail; he narrates the ecclesiastical history of the time; and, what is
 very important, he constantly, while giving us every change that influ-
 enced the country's growing prosperity, illustrates it by reference to the
 past history—the peculiarities of character—and so on, of the people. In a
 word, it is a philosophical history... The book is a satisfying one in all
 ways—in abundant materials—good tone and temper—and a clear, sound,
 and strong style."
 DAILY NEWS.

NEW WORK BY ANNA MARY HOWITT.
 Just published, in 2 vols. post 8vo. price 14s. cloth,
An ART-STUDENT in MUNICH.
 By ANNA MARY HOWITT.

"Since *Bubbles from the Brunnens of Nassau* we have had no local
 handbook so airy and buoyant, so effervescent and diaphanous, as this
 young lady's Munich experiences."
 GLOBE.

"The narrative has the freshness of conversation with some of its
 minuteness; and presents a very charming reflex of thought and feeling,
 as well as a picture of Bavarian life, and of what is to be seen in the great
 Art-city of Germany."
 SPECTATOR.

"A lively, glowing, and individual picture of foreign scenery and man-
 ners studied from one particular point, such as we have not received for
 many a day. No book, perhaps, has been published fuller of written pic-
 tures than this since *Letters from the Baltic*."
 ATHENÆUM.

Just published, in fcp. 8vo. price 5s. 6d. cloth,
THE SUBJECT MATTER of a COURSE of SIX
LECTURES on the NON-METALLIC
ELEMENTS,

Delivered before the Members of the Royal Institution in the
 Spring and Summer of 1852, by Professor FARADAY,
 D.C.L., F.R.S., &c. Arranged, by permission, from
 the Lecturer's Notes, by J. SCOFFERN, M.B., late Professor
 of Chemistry in the Aldersgate College of Medicine: With
 copious Additions.

"A completeness and unity are found in the volume which would not
 belong to ordinary reports of oral and experimental teaching; while the
 revision and superintendence of the lecturer insure the accuracy and
 authenticity of the notices. Apart from the chemical facts presented in
 the work, the philosophical views and popular expositions of science by a
 lecturer such as Faraday render the volume as valuable to the student as
 it is attractive to the general reader."

 Professor of Theology at Montauban.

"My best acknowledgments are due to Dr. Felice for his courtesy in
 furnishing me with the MS. of the Supplementary Chapter, written ex-
 pressly for the English Translation, and bringing down the narrative to
 the present month—a favour enhanced by the handsome manner in which
 it was conferred."—EXTRACT FROM THE TRANSLATOR'S PREFACE.

Just published, in 12mo. price 7s. 6d. cloth,
THE
FALL of the ROMAN REPUBLIC:
A SHORT HISTORY of the LAST CENTURY of the
COMMONWEALTH.
 By the Rev. CHARLES MERIVALE, B.D., late Fellow of
 St. John's College, Cambridge.

"It is essentially a popular book—perspicuous in its narrative, simple
 in its arrangement, and authentic in its statements: the subject is gradu-
 ally developed, without any embarrassing digression or conflicting views,
 till the student is in possession of all the facts, and finds himself in a
 position to judge impartially the actions, the motives, and the opinions that
 have been made known to him... Such are the materials that Mr.
 Merivale has woven into a narrative which even the best-read scholar
 cannot fail to peruse with deep interest."
 EDUCATIONAL TIMES.

CAPTAIN CHESTERTON'S AUTOBIOGRAPHY.
 Just published, in 2 vols. post 8vo. price 16s. cloth,
An AUTOBIOGRAPHICAL MEMOIR of
GEORGE LAVAL CHESTERTON,
 Formerly of the Field-Train Department of the Royal
 Artillery, subsequently a Captain in the Army of Columbia,
 and at present Governor of the House of Correction at
 Cold Bath Fields.

"Mr. Chesterton has not only seen much that is worth the telling—he
 possesses a turn for anecdote and a flow of spirits so abundant as to make
 his manner of telling it eminently light and pleasing."
 ATHENÆUM.
 "Abounding with much curious personal and historical adventure, now
 at the cannon's mouth, now in foraging parties or in camp, it sparkles
 with anecdote and kindly reminiscences; and is characterised throughout
 by a flow of incident and energy that goes largely to prove how much
 stranger and how much more acceptable is truth than fiction. It is the
 remarkable history of a very remarkable man—the welcome instructive
 autobiography of a soldier, a scholar, and a gentleman."

"It was Solomon's fortune during twelve years' captivity to be owned by several masters: some are spoken of with emotions of gratitude, others in a spirit of bitterness, and the account of his experience on "Bayon Boeuf" presents a correct picture of slavery, in all its lights and shadows, as it now exists in that locality."

The Church Historians of England :

from Bede to Foxe.

THE proposed series will consist of the historical writings of the following authors, with others whose names it would be tedious to specify.

PRE-REFORMATION PERIOD.

- | | | |
|---|-------------------------------|-----------------------------|
| 1. GILDAS. | 9. WILLIAM of MALMESBURY. | 19. RALPH de DICETO. |
| 2. NENNIUS. | 10. ORDERICUS VITALIS. | 20. GIRALDUS CAMBRENSIS. |
| 3. BEDE : Ecclesiastical History
and Minor Historical Works. | 11. HENRY of HUNTINGDON. | 21. ROGER of WENDOVER. |
| 4. ASSER. | 12. RICHARD of HEXHAM. | 22. MATTHEW PARIS. |
| 5. INGULF. | 13. JOHN of HEXHAM. | 23. HEMINGFORD. |
| 6. FLORENCE of WORCESTER. | 14. RICHARD of DEVIZES. | 24. AVESBURY. |
| 7. EADMER. | 15. BENEDICT of PETERBOROUGH. | 25. HIGDEN. |
| 8. SIMEON of DURHAM. | 16. BROMPTON. | 26. MATTHEW of WESTMINSTER. |
| | 17. GERVASE of CANTERBURY. | 27. THOMAS WALSHINGHAM. |
| | 18. HOVEDEN. | |

To which must be added the SAXON CHRONICLE, and portions of various other documents, bearing upon the History.

PERIOD OF THE REFORMATION.

It will be sufficient to supply, as the great Chronicle of the time, the ACTS and MONUMENTS of JOHN FOXE. In this voluminous collection, as in some vast magazine, are stored up all the facts and documents which are required to give a just portraiture of that momentous time.

FORM AND TERMS OF PUBLICATION.

It is estimated that each of these two portions, the PRE-REFORMATION PERIOD, and the PERIOD of the REFORMATION,—will occupy eight large volumes, octavo. The size will be somewhat larger than the ordinary demy; and the volumes will extend to about 800 pages each. For convenience, it will probably be expedient to issue them in half-volumes of 400 pages. The whole work is intended to be completed in five or six years.

The terms of publication will resemble those of the PARKER SOCIETY, the LIBRARY of ANGLO-CATHOLIC DIVINITY, and similar undertakings. That is to say, the subscription will be 20s. per annum, as in those Societies. For this, the subscriber to those republications usually received four volumes in the year. In the present case it is intended to use a large medium-sized paper, and a full page, so that three pages will contain as much as four of the series referred to. The cost of translation and editorship, also, will far exceed what was needed in mere reprints of English Books. Hence, to supply three half volumes, of 400 pages each, will be to give fully as liberal a return as was afforded by any of these Societies.

If the Proprietors can complete more than three of these volumes in each year, and the Subscriber wishes to receive them as fast as they can be delivered, he may have the further supply at the same rate. But the Subscriber is only pledged to a payment of 20s. per annum, and the Proprietors only engage to deliver three of these half-volumes of about 400 pages each, in return for such subscription. *Subscribers to the late edition of Foxe, who may not wish to repurchase that work, will be at liberty to subscribe for the Pre-Reformation Series only.*

The Proprietors are happy to inform the Subscribers to the above series of works that the first half-volume is now ready for delivery; and that they hope to deliver a second portion in the summer, and a third in the autumn of the present year.

The Subscriptions for the year 1853 (20s.) are therefore now due, and may be transmitted either by Post Office order, cheque, or order on any house in town.

Post Office orders should be made payable to Messrs. R. B. and G. Seeley, 54, Fleet Street, London.

The whole series will be comprised in sixteen large octavo volumes, containing all the English writers of credit on Church History, from Gildas, Nennius, and Bede, down to, and inclusive of, the times of the Reformation. The Pre-Reformation Series, being one half of the whole, will contain the writers from the Anglo-Saxon times, down to Walsingham.

THE HIGHEST STYLE OF ARTISTIC LITHOGRAPHY

Will be found in the Works produced by

DAY AND SON, Lithographers to the Queen.

Landscapes, Architecture, Shipping and Figure Subjects—Portraits direct from Life on Stone, or from Paintings, Drawings, or Daguerreotypes—Medical and Scientific Subjects, executed in a superior style peculiar to this Establishment. Calotypes copied.

The large Staff of Draughtsmen required by Messrs. DAY and SON to execute the

MAPS, PLANS, AND SECTIONS, DIAGRAMS, &c., &c.
FOR HER MAJESTY'S STATIONERY OFFICE,

Offers to solicitors, engineers and surveyors, stationers and printers, throughout the country, great advantages for the rapid and economic execution of their Lithography. If required, a plan received by the morning post may be lithographed, and despatched by the return post.

To meet the growing demand upon

LITHOGRAPHY FOR COMMERCIAL PURPOSES, Messrs. DAY and SON have just erected the largest premises for the purpose in the world. In soliciting orders from Manufacturers and others for

PATTERN-BOOKS, SHOW-CARDS, LABELS, &c.

And every other Description of Lithography and Colour Printing, Messrs. DAY and SON promise a style of work of unequalled excellence, with economy and rapidity of execution. The smallest consumers of the productions of Lithography in any part of the Kingdom should apply to Messrs. DAY and SON for estimates, and it will be found, owing to the extent of this Establishment, that its manifold advantages, viz. superiority of work, great speed, and moderate charges, can be secured with satisfaction and saving to the customer.

PRINTING IN COLOURS,

As perfected and practised by Messrs. DAY and SON, has assumed a position hitherto unattained for artistic excellence, rapidity of execution, and economy of production. The first and only perfect realization of a painting in colours, "The Blue Lights" (after Turner), executed at this establishment, secured for itself the designation of a Painting Print. Other examples of great merit, more particularly illustrating rapidity and economy of production, combined with artistic excellence, will be found in the three important works by—

MATTHEW DIGBY WYATT, ESQ.

Namely, "The GEOMETRICAL MOSAICS of the MIDDLE AGES," "METAL WORK and its ARTISTIC DESIGN," and "THE INDUSTRIAL ARTS of the NINETEENTH CENTURY."

These works, although elaborately printed in colours and gold, have been sold at the price of uncoloured works. The last-named, consisting of 160 plates, issued in Fortnightly Parts of four plates, proves the possibility of adapting Chromolithography to periodical works—to book plates requiring long numbers cheaply and quickly—and to geological or other coloured maps.

Messrs. DAY and SON are prepared to estimate and undertake works of any extent and to meet every requirement as to quantity and speed, or necessity as to price.

STEEL AND COPPER-PLATE PRINTING OF EVERY DESCRIPTION.

LADIES, Amateurs of Drawing, will find the reproduction by themselves of their own Sketches, by means of Lithography, a most delightful occupation for leisure time. Materials and instruction can be had of
